

Peoples' Self-Help Housing Breaks Ground on New Corporate Office in San Luis Obispo

San Luis Obispo County, Calif., December 13, 2019 – As the need for affordable housing has grown throughout the tri-county area, in response, so has [Peoples' Self-Help Housing \(PSHH\)](#). On Thursday, December 12, PSHH broke ground on a new corporate office for their San Luis Obispo-based staff.

“Every day, over 200 dedicated professionals show up to work to serve the over 5,000 residents who are already proud to call a Peoples Self-Help Housing property home.” said John Fowler, President & CEO of PSHH. “This new office will create a great workspace environment for our San Luis Obispo-based staff allowing them to better serve those still in need of housing, those patiently waiting for a place to call home.”

Located on Kendall Way, adjacent to the San Luis Obispo Airport, the construction of this new 23,000 square foot building will allow staff who, because of the necessary growth of the organization in response to the housing crisis, have been working from scattered sites to be located once again under one roof. With the approach of Peoples' Self-Help Housing's 50th Anniversary, the completion of this project will be the centerpiece of a year of celebrations.

Sponsors for the groundbreaking were Enterprise Community Partners and Bank of America. The construction and permanent financing partner for the project is Founders Community Bank – A Division of Premier Valley Bank. Development partners include Oasis Associates, Murray Duncan Architects, and North Coast Engineering. Anticipated completion of the new office is early 2021.
